Objective:

Enthusiastic Computer Science student with a strong interest in digital platforms, content creation, and technology. Seeking an internship opportunity at The Times of India to apply my technical and creative skills in contributing to impactful media and digital experiences.

Education

Bachelor of Technology (B.Tech) – Computer Science Engineering
Chennai Institute Of Technology, Chennai, TamilNadu.
2024-2028
CGPA: 7.94

Skills: HTML, CSS, JavaScript, Python / C / Java, Git & GitHub, Basics of Data Structures & OOP, Communication & Media Skills, Content writing & storytelling, Social media understanding, Strong grammar & communication.

Creative thinking

Actively participated in college academic activities, collaborating with peers on projects and presentations. Developed teamwork and communication skills.

Achievements

Achieved 1K+ followers on art platform through consistent content creation
Participated in college events and activities

Interests:

UI/UX Design
Digital Content Creation
Current Affairs & News
Art & Illustration

LinkedIn

PROFILE

CSE undergraduate and **Research Associate** passionate about AI, systems, and **applied research**, with experience in software development, problem solving, and academic research. Published researcher in a **Springer journal** and actively contributes to student-led technical initiatives as a hackathon organizer and Co-Founder of the IBM Student Club at Chennai Institute of Technology.

EDUCATION

DEVI ACADEMY SENIOR

SECONDARY SCHOOL (APR 2012 – MAR 2024)

- Higher Secondary Education (Class XII) – 80%
- Secondary Education (Class X) – 86%
- Special Prize Winner – IIT SOF Enviro 2023
- Winner – TVS Polytechnic College Art Competition
- First Prize – SBOANZA Digital Art Competition
- Grand Finalist – TOYCATHON 2021

CHENNAI INSTITUTE OF

TECHNOLOGY (2024 - 2028)

- Bachelor in Engineering, Computer Science Engineering (2nd Year)
- Cumulative Grade Point Average (CGPA) - 7.94/ 10

SKILLS

- Technical Skills: Python (Basics) , Java (Beginner), SQL, mruby.
- Designing: Canva, Graphic Design, HTML (Basics), CSS (Basics), Figma.
- Soft Skills: Project Management, Teamwork, Time Management, Leadership, Effective Communication, Critical Thinking, Team Management, Group Discussions, Public Speaking.

PROJECTS

- Events Management** [↗](#)
The Events Management System is a Python-MySQL app that manages participants, attendance, and winners across schools, using PrettyTable for clear tabular views and streamlined event handling.
- Tilt Goalie Game** [↗](#)
Tilt Goalie is a motion-controlled game built using mruby/c, where players tilt the device to move a goalie and block incoming shots on embedded hardware in real time.
- Prompt2Poster – AI-Based Creative Automation Tool** [↗](#)
Prompt2Poster is a client-server based AI application that automates poster creation by combining image preprocessing, generative AI models, and an interactive web canvas, enabling users to generate and edit professional marketing creatives efficiently.

EXPERIENCE

- IoT & Embedded Systems Internship (mruby/c)** (12/05-26/06/2025)
This internship helped me understand how lightweight scripting (mruby/c) integrates with embedded hardware to build real-time, resource-efficient systems.
- Microsoft – AICTE 4- Week Internship Program** (June - July 2025)
This is a great opportunity to strengthen your understanding of Artificial Intelligence and enhance my skillset for the future.
- Web Developer (OnlyDevs)** (28/10-28/11/2025)
Built responsive UI layouts and contributed to front-end design workflows. Developed clean, efficient web pages and collaborated on UI/UX improvements.
- Research Associate Intern - CAMRI (Centre for Advanced Multidisciplinary Research and Innovation)** (Present)
Currently interning as a Research Associate at CAMRI, contributing to ongoing research and analysis projects. A member of the CORE team, managing a team of 25 members.
- Campus Ambassador (Marketing Intern) for Shastra '26** (01/11/2025-/01/2026)
Represented Shastra '26 on campus by promoting events, increasing student engagement, and assisting in outreach and coordination activities.

ACHIEVEMENTS

- KALAQUEST'25, Inventiv at Indian Institute of Technology, Madras** [↗](#)
Finalist in KalaQuest 2025, developing innovative, tech-driven solutions to preserve India's endangered art forms.
- TOYCATHON** [↗](#)
My team was selected among 14,291 teams across India and reached the finals. Leading the team Science Wizards has enhanced my leadership, teamwork, and project management skills.
- Tesco Retail Media Innovation Jam FINALIST** [↗](#)
Selected among top teams for proposing an AI-driven innovation in retail media, demonstrating strong problem-solving, technical thinking, and applied AI skills.
- Threx Hackathon WINNER (2nd Place), SRMIST, Kattankulathur, Chennai, TN** [↗](#)
Second Place Winner — built an innovative tech-driven solution addressing real-world challenges through rapid development and teamwork.
